

English

Reading: Children will read a fiction, non-fiction and poetry text to consolidate their phonic knowledge and build their fluency. They will read daily, either as a class, group, pair or individually.

Writing: Children will develop their fluency with regular dictation. They will be writing to narrate a story about a day in their life that tells the reader more about themselves. They will be focusing on joining their ideas with co-ordinating and subordinating conjunctions and using learnt Y2 punctuation.

Spelling: Children will learn how to spell words ending with tion, eg station, operation, and explore words where s is pronounced as z, eg television, vision.

Maths

Time: Children will learn to tell the time using analogue and digital clocks. They will learn o'clock, half past, quarter past and to as well as telling the time to the nearest 5 minutes.

Statistics: Children will learn about tally charts, tables and how to draw and interpret a pictogram.

Science

Mini Worlds: Children will deepen their understanding of food chains and continue working scientifically with plants, observing closely and recording findings using simple scientific vocabulary. Children will learn about different plant habitats.

Our School Rule -

Respect yourself, others and the environment.

Year Two Curriculum

Overview Summer 2

This half term we will be learning about...

PSHE

Changing Me: Children will learn about life cycles in nature, human life stages, and the correct terminology for body parts.

History

What is a monarch?

Children will learn how kings and queens are crowned, what their roles are and how these have changed over time. They will also learn about William the Conqueror.

Design and Technology

Moving Monsters Children will use levers, linkages and pivots to create a moving toy. The children will evaluate two designs before choosing and making the most appropriate one.

PE

Athletics: Children will develop skills required in athletic activities, such as running, jumping and throwing, working collaboratively and independently.

RE

Being imaginative and exploratory: Children will look into how people use their minds in different ways and express their ideas imaginatively. Children will explore different religions and how it forms part of someone's identity.

Computing

Children will use the JIT mix tool to save a range of images, paintings, photos and text to create an e-book on a given topic.

Computing: Digital Literacy

Online reputation and relationships: Children will learn how information put online about someone can last a long time.

Finally

Sports day will be Thursday 5th June.

Term finishes on Friday 18th July for children.
